Tormarton Parish Council

The policy for distributing of profits generated by the Parish Council's marquee hire.

Tormarton Parish Council hire out a marquee each year to any groups who wish to use the marquee. The hire rates for this facility are agreed each year by Tormarton Parish Council. This policy is designed to help aid the understanding of where the profits generated by this facility are going to.

The profits raised from the hire of the village marquee, net of any direct costs relating to each hiring period and a 10% deduction for the Clerk's administration of its hire and promotion, will be allocated to a 'Grassroots Community Fund' and will be distributed on a project by project basis on application to The Parish Council.

The Parish Council will however, earmark any monies raised through the hire of the marquee, after any grants have been authorised, at the end of each financial year to be held towards community led projects or initiatives. Any money earmarked by the Parish Council will form part of a 'Grassroots Community Fund' reserve to be used in years where income from the marquee hasn't been generated.

All groups who wish for their money to be granted to them, must present their project they would use the funding for, to the Parish Council. This can be arranged through the Parish Clerk.
